Pankaj Jalote is currently Microsoft Chair Professor at Dept of Computer Science and Engineering at IIT Delhi. Earlier he was a Professor in Department of Computer Science and Engineering at IIT Kanpur, where he was also the Head of the Department from 1998-2002. He did his B.Tech. from IIT Kanpur, M.S. from Pennsylvania State University, and Ph.D. in Computer Science from University of Illinois at Urbana-Champaign. He was formerly an Assistant Professor in the Department of Computer Science at the University of Maryland, College Park. From 1996 to 1998, he was Vice President (quality) at Infosys Technologies Ltd., a large Bangalore-based company providing software solutions worldwide, and from 2003 to 2004 was a Visiting Researcher at Microsoft Corporation, Redmond, USA.

Dr. Jalote is the author of the highly acclaimed book *CMM in Practice* (Addison Wesley) which has been translated in many languages including Chinese and Japanese, and the very popular text book *An Integrated Approach to Software Engineering* (Springer), whose Indian Edition was declared as the best selling Computer Science book by its local publisher (Narosa). He has published two other books – *Software Project Management in Practice* (Addison Wesley) and *Fault Tolerance in Distributed Systems*, (Prentice Hall). He has also authored many papers in International Journals and conferences. His area of interest is Software Engineering and Distributed Computing. He is on the editorial board of IEEE Transactions on Software Engineering and International Journal of Empirical Software Engineering. He is a Fellow of the IEEE.
